Dear Sir:

It is a pleasure to verify your report of reception of Radio Station WGCN, which stands for Wisconsin, Clark County, Neillsville.

Our station is a remote controlled 1000 watt non directional station operating on 1370 KC. We have a Gates BC-1J transmitter. Our tower is a triangular guyed radiator 167½ feet above the ground and situated in the center of a swamp. Our ground system consists of 120 radials 200 feet long spaced every three degrees.

It's been a pleasure to receive your report and to verify it for you.

Sincerely

*Charles E. Marvin*
