Mr. David F. Thomas
Proctorville, Ohio

Dear Mr. Thomas:

On December 4th you wrote us by card. You received our station between 2:40 and 3:00 am, December 4th.

We were on at the time you claim. And I am accordingly pleased to send you this letter of confirmation. We have been on once a week in the early morning. This is for frequency check purpose. In time we will probably cut this down to once per month.

You never heard of us before. That is not suprising. We are a new station. We took the air the last of October. Our location is in one of Wisconsin's smaller towns. Medford has a population of less than 2300. It is however the largest settlement in Taylor county.

Very truly,

Nathan Williams
