Hi,

Thanks for sending me the clipping. It provided us with quite a bit of amusement. Thanks for the DX report.

There were two of the DX reports on the CB's desk and I sent the same type of letter to both of them. Most amusing. If you hadn't sent the clipping we would have never known whether our call was WHIS or WOLF!

We have a large map of the United States on which we keep a record of DX reports. The only trouble is - so far - that we seem to be unable to locate Proctorville. We're still looking.

Yours (love) truly,
Fowler
