Dear Mr. Thomas:

Please accept our hearty thanks for your complimentary letter of July 29th, with reference to this station.

We do our utmost to broadcast programs which we think are most appreciated by our listeners, and, at any time that they have any comments to make, or suggestions to make they are cordially invited to do so.

We regret that our DX programs prevent your receiving the foreign stations you attempt to get, however, these programs were presented by the "Friendly Club" of this station, and are eagerly awaited each winter by countless folks throughout this, and other countries.

We trust that after you get the German Radio you anticipate, you will send us a report frequently as to how the reception is in your section, and rest assured that we shall be glad to reciprocate in any way possible.

With best personal regards from the entire personell of WMMN, we are

Sincerely,

A. M. ROWE, INCORPORATED
