PARKERSBURG, WEST VIRGINIA

January 5, 1952

GEORGE H. CLINTON
VICE-PRESIDENT

Mr. David F. Thomas
Proctorville, Ohio

Dear Mr. Thomas:

This is to confirm your report of reception of our signals on December 27, 1951, between the hours of 1 and 2 PM. As you have noted, conditions seemed to have been unusually clear and reception being received at greater distances than ordinary. However, throughout the Summer months, we consistently pickup WHTN-FM in Huntington, West Virginia and rebroadcast their baseball games over our station. It is noted, however, that they have quite a bit more power than we have, approximately five times.

The hours of operation of WPAR-FM are from 12 Noon to 11 PM daily.

Sincerely yours,

RADIO STATION W P A R

Vilah G. Brooks
Chief Engineer
