October 2, 1946

Mr. David F. Thomas  
Proctorville, Ohio

Dear Mr. Thomas:

Thank you for your very interesting letter of September 30, 1946. This will serve as a verification of your reception of WSAZ for the program "Dedication of the New 5 KW Transmitter" between 1:00 and 3:00 P.M. September 29, 1946. You can file this away with your verification of WSAZ back in 1925 when she was a little 50 watter in Pomeroy, Ohio.

I enjoyed reading your history of WSAZ's call letters as it verified the story I have heard many times since coming to Huntington and I am sure it must be essentially correct. The article on the history of WSAZ which appeared in the local paper Sunday was probably off on a few details but I suppose it served the purpose just as well. I think that it was a reprint of a story written by Mr. McKeller which appeared in the paper back about 1931.

I have wanted to get over to see your layout ever since you were in the studio three years ago, but it seems I never get around to it. One of these days I will be over. If you are ever out around Westmoreland, I will be glad for you to drop in and see the new transmitter.

Best DXing,

*Leroy E. Kilpatrick*
