Mr. David F. Thomas  
Radio WUMS Box 11531  
Tampa, Florida 33610

Dear Mr. Thomas:

We are pleased to confirm your brief reception report on our test transmission from WVAR on 18 December 1967.

We would hope you will be able to listen for future tests by WVAR on 600 KC. Your report and one from Jamestown, New York are the most distant reports we have received.

We send our heartiest thanks to all DXers who took time to listen and write to us here at WVAR.

Seasons Greetings to you and just what is WUMS radio? It is not listed in Broadcasting Yearbook, and why the Ohio postmark on your signal report?

A reply would be appreciated.

Sincerely  
George Brockhyser, Chief Engineer  
WVAR
