Dear Mr. Greenspan:

Thank you for your report of reception of our AM signal on 1600 KHz on May 4, 1995.

Your report would appear to be correct. It would appear you were in fact listening to WAQY AM. Our format is Classic Rock. WAQY operates with a four tower directional array from East Longmeadow (Springfield) with 5000 watts daytime, and 2500 watts night.

Again, thanks for the report of reception.

Sincerely,

A handwritten signature in black ink, appearing to read "Howard Frost".
