

KMOX

CBS Radio
A Division of CBS Inc.
One Memorial Drive
St. Louis, Missouri 63102-2498
(314) 621-2345

Dear Mr. Greenspan:

February 6, 1995

Thank you for your letter to KMOX Radio. It's great to hear from our listeners all across the country and around the world.

Your reception report of January 31, 1995 at 8:50PM has been checked, and has been found to be accurate; you may consider this letter your verification certificate.

Here is some technical information about KMOX Radio:

Frequency:	1120 KHz
Power:	50,000 watts, unlimited hours of operation
FCC Classification:	1A (Clear Channel)
Transmitters:	3
Main:	Harris DX-50 50,000 watts
Alternate Main:	Gates MW-50C3 50,000 watts
Auxiliary:	Continental 316-B 10,000 watts
Antenna:	476 feet, vertical guyed tower located in Granite City, Illinois, on 45 acres

KMOX signed on the air on December 24, 1925, and has been in its present transmitter location since 1945. KMOX is owned by CBS, Inc., and consistently reaches into approximately 45 states, and around the globe.

Thanks again for writing us.

Sincerely,

Paul J. Grundhauser
Manager, Technical Operations

Mr. Philip Greenspan
