The signal was very strong. Usually you are blocked by WHJJ in Providence, RI but this AM you were coming through. I was able to receive several new stations in NY (Binghamton, Plattsburgh, Rochester) and PA (Altoona) due to the weather conditions. I would appreciate your confirmation of the transmission and any information on your station and programming.

The signal was received at Marshfield, Massachusetts, a coastal community 30 miles south of Boston, Ma.

Enclosed is a self-addressed, stamped envelope.
