November 16, 1995

Dear Phil,

You did indeed hear WXXI-AM during our fall membership drive. I was one of the guys pitching membership that morning. We often get letters from Finland and other Scandanavian countries...but yours is the first I can recall from New England. I suppose this isw because of our directional pattern, which is supposed to protect the other 1370 kHz stations you mentioned in your letter.

We're the public broadcasting outlet for the Rochester, NY market, operating WXXI-TV on channel 21, WXXI-FM at 91.5 mHz, WXXI-AM on 1370 kHz and Reachout Radio. That's a reading service for the blind which operates on one of the FM SCA channels.

I'll send a copy of your letter to our chief engineer, who collects these things. Sorry...I'm out of bumper stickers. I'll stick one of our key cards in this letter.

Glad you caught us!

Ernest "Bud" Lowell  
Radio Division Manager/WXXI

WXXI Public Broadcasting Council  
280 State Street
