

December 24, 1996

I would appreciate it if you could confirm for my records receipt of your transmission signal as follows:

Call Letters: WRKK  
Location: Hughesville, PA  
Frequency: 1200  
Date: December 20, 1996

Time: 2331 EST ID listed two stations and I believe two frequencies including WRAK  
Followed with what appeared to be the "Best of  
Westwood One" and the "Michael Reagan Show"

This frequency is very "busy" here with WKOX, Framingham, MA the strongest during the day and WTLA, Syracuse and WAGE, Leesburg, VA as well as Canadian, CFGO normally heard at night.

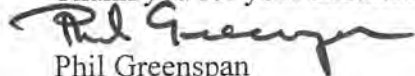

This signal was weak and faded in and out. Weather conditions here were 35 degrees and clear. I was using a GE Superadio with an internal antenna. Any information on your station, business card, bumper sticker, coverage map, schedule, etc. and your confirmation that I did receive your transmission would be appreciated.

Was WRKK operating at 250w at the time indicated?

The signal was received at Marshfield, Massachusetts, a coastal community 30 miles south of Boston, Massachusetts.

Enclosed is a self-addressed, stamped envelope. Please use the verification form below or your own form, letterhead, etc.

Thank you for your attention.
