

Dear Mr. Greenspan,

03/09/95

Please consider this letter confirmation of your reception of WBAP on 820 khz on 02/19/95. WBAP operates on 820 khz with a power of 50,000 watts twentyfour (24) hours a day. The studio is in Arlington, Texas and the transmitter site is located in Mansfield, Texas. WBAP transmits from a 640 foot antenna tower and is an ABC network affiliate. Thanks for your report.

Happy Dx-ing,

Clay Steely

Chief Engineer
