Furnishing Both A M and FM Service to Northwestern Indiana

Wallace Building

LAFAYETTE, INDIANA

• STUDIOS ALSO IN FRANKFORT •

March 21, 1950

Mr. Paul A. Thomas
Proctorville, Ohio

Dear Sir:

This is to verify your reception report of January 2, 1950, during which you received our frequency measurement transmission.

Frequency measurement transmissions from this station are scheduled regularly on the first and third Monday of each month from 1:55 to 2:10 AM, CST.

Please accept our apology for the seemingly unreasonable delay in answering your request. We have been in the midst of new studio construction with the result that verification requests have been piling up. We are now back to a regular schedule and are handling these requests on a current basis.

Thank you very much for the fine report.

Sincerely yours,

Radio Station WASK,

Harry C. Garba,
Chief Engineer
