Dear Mr. Thomas,

I am in receipt of your letter reporting a DX reception of our station on April 17, 1956 between the hours of 0214 and 0220. I have no data in my files concerning such report, but I seem to remember something about it. I have read that report, and if I remember correctly, it was marked as answered. But, if you haven't received the verification, it doesn't do much good, does it? So I have enclosed a duplicate verification for you, and hope you will accept my apologies if it was an oversight on our part.

Seeing you are a member of the National Radio Club, it may interest you to know I recently verified a DX report by Mr. Ray B. Edge, President of your club in Buffalo, N.Y. His reception was made 12/17/57. He also reported WCMI 3/14/39, and was verified.

I was wondering if you are any relation to the Mr. Paul A. Thomas who used to operate the ferry from Chesapeake to Huntington? I used to cross on that ferry many times when a small child, but it was out of operation when I returned to this area after an absence of almost 11 years. I have often wondered what happened to it.

Thank you for your letter, and I hope the verification card enclosed will prove to be sufficient verification. Perhaps sometime you may be down this way, and can drop in and see the station, so I'll take this opportunity to invite you.

Yours truly,

*Edwin F. Walters*
