Mr. Paul A. Thomas
Box 1614
Proctorville, Ohio

Dear Mr. Thomas,

Please pardon our delay in answering your reception report. KRGI has had one or two personnel changes, including the chief engineer, and we found your report just yesterday.

Your reception was correct as reported.

You may be interested in the information that KRGI is now operating 24 hours per day, except Sunday from 4 to 7 a.m. CST, and Sunday night from 11 p.m. to 5 a.m.. We have had reception from as far away as Invercargill, New Zealand, plus many U.S. points.

Thank you for your report, and again, our apologies for the delay.
