Dear Mr. Thomas

Thank you very much for the report. It was checked with our station logs and found to be correct.

Please accept this letter as a VERIFICATION that you received WWHGs test transmission on the morning of Dec. 26th 1949.

You are one of the few who reported NO interference from the Mexican alnighter XEMC.

However, even with the interference we did manage to squeeze through into some of the Western and Pacific coast states.

Thanks again for the report and best of 73's

Very truly yours

W. N. Amidon
