Dear Paul:

Here's the verification you requested and thanks a million for your fine report. I've received about fifty letters from the club members, several of which were from your state. Nearly everyone reported good reception, including one member from Canada. DX conditions were not too favorable in Pennsylvania however.

I wish I had the time to make all these letters extensive as they should be, but the wife and I are burning the midnight oil in order to get the mail out as fast as it came in. We are running late, too. May I congratulate you on belonging to such a splendid organization. The response has greatly exceeded my expectations.

Wishing you and yours a very Merry Xmas and a prosperous New Year, we remain

Sincerely,

*Curtis & Gloria*
