Mr. Paul A. Thomas
Box 1614
Proctorville, Ohio

Dear Mr. Thomas;

Many thanks for your letter of January 8th with regard to the test program presented on this station last December 12th.

Checking over the station log we find that your reception report was correct in every detail and appreciate the fact that you got to hear at least a part of the broadcast. Our signal was very good in the eastern part of the country that night but interference from a Latin American station just about nixed any west coast reports.

The response was not the best, somewhere around fifty letters received to date, far below what we had hoped for and quite a bit short of our first DX program in January of 1955.

Sorry to be so late with this letter of verification when I said that I thought they would all be answered in two weeks, but the holidays and the press of year-end business and some sickness in the family (myself) all seemed to curtail the letter writing to you fellows.

Hope this letter will serve to thankx you again in behalf of the station and myself.

Best of luck to you in your DX'ing activities in '56.

Hope to hear from you again if we program another special later this year, Again thanks, Paul, best to you and your wife.
