WWNR - BECKLEY, W. VA.

April 25, 1955

Mr. Paul A. Thomas
Box 1614
Proctorville, Ohio.

Dear Paul:

This is to verify your letter on the receiving of our signal on April 20, 1955, during the period of 12:10 AM to 12:20 AM. It is always a pleasure hearing from anyone picking up our signal as it gives us an idea of ^{the} ~~see~~ scope of area we are covering.

1110 K.C. is a clear channel frequency so it will explain why you were able to receive us so clearly.

Lots of luck to you Paul in your DXing and hope you take top honors in your club.

Yours Truly
Radio Station WNAR
Norristown, Pa.
