TELEPHONE 8127

2801 EDGEWOOD DRIVE

ALTOONA, PA.

April 16, 1951

Mr. Paul A. Thomas  
Proctorville,  
Ohio

Dear Mr. Thomas:

This will confirm your report of reception of WVAM on January 29, 1951 during the hours of 4:35 AM to 5:01 AM, EST.

For your information WVAM operates on 1430 KC with a power of 1000 watts day and night and directional pattern day and night. Our daylight pattern is beamed primarily north and south southwest and our night pattern is beamed primarily north northwest and south.

The facts in your letter of verification have been checked with our program log and are found to be accurate.

Through an oversight on my part, your letter dated January 29th was in my file but I had it confused with a David F. Thomas of Proctorville who also sent in a report of reception. I hope you will excuse the oversight on my part and it has been a pleasure to send you a report of reception of our station.

Thanks very much for your report and interest.

Sincerely,

RADIO STATION WVAM
