Dear Sir:

This will confirm your reception report on WOIC's recent equipment test. We sincerely appreciate your interest and cooperation.

As you know, we offered \$5.00 to the person responding to this test from the most distant point from Columbia. We are very happy to announce that Mr. Keath Robinson of Kapuka, Number 7 Rural District, Invercargill, New Zealand was the person furthestest away who wrote to us and will receive the \$5.00.

We are certainly proud of our newly acquired power and want to thank you again for your interest.

Sincerely,

  
Russell George  
General Manager
