Dear Sir:

This is to verify your report of reception of our frequency check program of February 7 th, 3:47 to 4:00 AM CST. Your log checks with ours.

Our transmitter is a Gates BC 1E, 1 Kw. Antenna is a Phillips 203 footer and is shunt fed.

Thanks very much for your nice report. I know where proctorville is as I have relatives scattered all the way from Cairo to Metropolis on the Illinois side of the Ohio. I spent some time at Camp Shenango, close to Youngstown, before going overseas during the last fracas.

Very truly yours,

Lloyd W. Johnson
