Mr. Paul A. Thomas  
Proctorville, Ohio

Dear Mr. Thomas.

Was very happy to receive your letter of March 12, 1951.

This is to verify that I was on the air Monday March 12, 1951 from 4:14 to 4:27 AM C.S.T. for a frequency check using a chevron cycle tone for modulation. I gave the station call letters approximately every four minutes for purpose of station identification.

Am using a model 100 RCA transmitter with 250 watts output, single tower, non-directional, Standard Broadcast, 176 ft high.

I hope that this will be of great value to you for your collection.

Sincerely  
James A. Christian  
Chief Eng.
