Mr. Paul A . Thomas  
Proctorville, Ohio

Dear Paul:

Thanks for the receipt report. No doubt at all that you had WBEB on the set. Glad to hear that we rolled into Ohio as well as that. You're right, you're the second report from Proctorville. Congratulations

In case you keep track, we're a kilowatt Western Electric transmitter, operating daytime only and non-directional. Our tower is 195' high.

Thanks again for the report.
